DEVIN FLANNERY — TECHNICIAN/DESIGN ENGINEER

PROFESSIONAL EXPERIENCE

Devin Flannery is one of the youngest design engineers in the audio visual industry. His dedication and drive to gain knowledge has contributed to his continued success. With a background and education in Syn-Aud-Con, acoustics, electronics design, and electrical theory Devin has proven to be a valuable addition to the SSI team. Being multifaceted, he has been able to wear many different hats, from a technician installing and troubleshooting some of the most intricate systems to assisting in the design process.
